What college/university are you currently attending? Spelman College

Field of Study (Major): Health Sciences (Pre-Nursing)

Why did you choose this field of study? I chose this field of study because I love to learn about science and how it affects the human body. I am interested in nursing because I enjoy patient care, anatomical science, patient advocacy, and would like to create positive change within the healthcare system. In high school, I completed an internship in the emergency room of a hospital and this experience exposed me to patient care and solidified my passion for nursing.
